Company Concert

Musical team building with a concert feeling

Celebrating together is the best of all team experiences. Under the professional guidance of our vocal coaches, the bands formed from team members rehearse selected lyrics. After a dress rehearsal the bands perform their songs, while the others celebrate the performance.

At the Company Concert all team members are involved and fun is guaranteed to be had - in front of and on stage. A real concert feeling that creates moments that all participants will remember for a long time to come.
